**Indulge In Design | In•De |**

a community of design oriented thinkers  
and creators obsessed with inventing innovative solutions to people's problems.

*those InDe kids really see the world in a different way.*

As an InDe member, you can expect to have experiences that will enhance your understanding of the world around you. Specifically,

- Eating at restaurants you wouldn't normally eat at and engaging in deep and interesting conversation.
- Enjoying and interpreting many forms of expression such as theatre, fine art, music festivals/preformances, literature, dance, etc.
- Creating fun, humanizing spectacles on campus
- Roadtrips to meet new people in an anthropological kind of way

To become an InDe member, you must complete the young designers program (at your leisure), which includes things like:

- grabbing breakfast, lunch, or dinner with all of the InDe members (including the executive team)
- working on a project with at least one of the members, and see that to completion.
- creating something that you feel expresses you in some way. Share it with the community for open feedback.
- creating something that analyzes and suggests a better way to do an every day activity like sleeping, pooping, or drinking coffee.
